A Specialized Manufacturing Partner

Built to complement Arjuna Plastik with dedicated bottle manufacturing.

WHO WE ARE

Srikandi Mitra Kreasi is a specialized plastic bottle manufacturing company established to strengthen and expand the manufacturing capabilities of the **Arjuna Plastik** ecosystem.

Our core focus is the production of custom plastic bottles using Injection Blow Molding (IBM) technology for pharmaceutical, food, herbal & supplement, cosmetic, personal care, and specialty packaging applications.

Our Purpose

To provide reliable bottle manufacturing capabilities while working closely with Arjuna Plastik to deliver a more complete plastic packaging solution.

ONE ECOSYSTEM.

TWO SPECIALIZATIONS.

Arjuna develops markets, engineering and complementary components. Srikandi focuses on bottle manufacturing.

Growing Together Through Specialized Manufacturing

Srikandi was born from a simple belief: sustainable growth comes from specialization, collaboration and strong manufacturing capabilities.
